- Have students work in groups to arrange the cards in chronological order and discuss the significance of each event.
- Follow-up discussion: How did these events influence public opinion and policy decisions?

Part 2: Cause-and-Effect Charting

Create cause-and-effect charts to analyze how specific events led to subsequent political or social changes.

- Example: How did the Iran Hostage Crisis impact U.S. foreign policy and the 1980 presidential election?
- Encourage students to identify multiple causes and effects for each event.
- Use graphic organizers to visualize these relationships.

Part 3: Debates and Role-Playing

Organize debates or role-playing exercises to explore different perspectives on key issues:

- Energy Crisis Policies: Should the government prioritize alternative energy sources or continue with oil imports?
- Foreign Policy Decisions: Was Carter's approach to Iran and the Soviet Union effective?
- Economic Strategies: How should the government combat stagflation?

Students can assume roles as policymakers, journalists, or citizens to argue different viewpoints.

Part 4: Critical Thinking Questions

Pose open-ended questions to stimulate reflection and analysis:

- What were the main challenges faced by Ford and Carter, and how did their responses shape future policies?
- In what ways did domestic and foreign issues overlap during this period?
